NBH and The Undergraduate Medical Education

- Exert influence in accreditation
- Consider study programs and curricula before the accreditation process
- Consider and comments on new and / or changed study programs

NBH ensure that outcome quality (profile of graduates) meet the requirements of the healthcare system – and issues license and register new physicians on NBH public web-site register

Registration of Medical Doctors

The Danish Postgraduate Training

- Basic clinical training (1 year)
- Introduction program (1 year)
- Main training program (4 – 5 year)
- GP: 4½ - 5 year

- Detailed curricula, specified learning and assessment methods. No final exam.
- Theoretical courses (total av. 2 months)
Inspection visits – Medical audits

• National Board of Health (NBH) executive orders
• Guidelines
• Statement of aims

The Regional Council of Medical Education

Medical Specialties

Hospitals
Departments

Planning and approval of training-programmes
• Individual training plans
• Training
• Assessment

CME, CPD etc.

• Not mandatory in DK, but expected in Danish Authorization Act.

• Re-certification do not exist in DK (before age 75)
